

### Steps for Installing Oracle Instant Client Tools

1. Search on "Oracle Instant Client Downloads for Microsoft Windows (x64) 64-bit" or for "Oracle Instant Client Downloads for macOS (Intel x86)". \*Note the macOS install has not been performed by the instructor as she does not have a macOS computer.
2. Go to the page.
3. Note the statement at the top of the page that says "The [installation instructions](#) are at the foot of the page."
4. Download the correct packages and then follow the instructions at the bottom of the page to install the tools.
